Secure your work from Others.

LG **PRIVACY** FILTER

LG Privacy Filter offers a clear view from the front and prevents unpleasant glances.

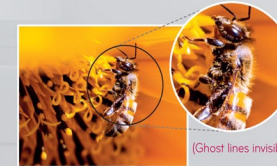

? ?

## LG Privacy Filter ensures your mobile life free from sidelong glances.

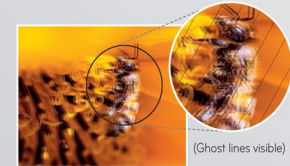

LG Privacy Filter prevents strangers from seeing the screen from the side, A must-carry item for your mobile life.

LG Privacy Filter minimizes ghost lines to ensure clear images.

### LG Privacy Filter

Anti-Glare film coating and the prevention of ghost lines beats our competitors in terms of clear images.

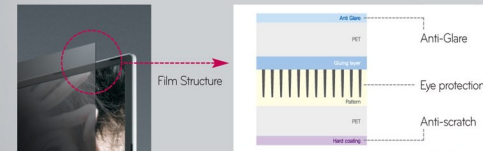

### Our Competitors

Internal reflection between the ghost lines creates double images and downgrades display quality.

Depending on your preference, you can use either side of the film.

One side of the LG Privacy Filter is equipped with anti-glare functions to prevent reflection, while the other side features anti-scratch, hard coating.

## Beyond the protection of your valuable data, LG Privacy Filter offers multiple satisfaction.

### Data Protection

Prevent uninvited glances from other people.

### Clear image

Enhanced display quality by using LG Privacy Filter.

### Anti-Glare Coating

Anti-Glare film coating and eliminating Ghost lines ensure clearer images compared to low grade privacy filters.

### Ultraviolet radiation prevention

Minimizes eye strain by preventing ultraviolet radiation.

### Protecting screen from scratches

Using Privacy Filter allows you to protect your screen from scratches.

## LG Privacy Filter can be used effectively in various areas.

Monitors in office/computer lounges

Laptop screens

ATM monitors(cash machines)
